

THE LEAGUE OF WEALTH

BY DRE EVANS

Do you take the risk, or lose the chance?

The League of Wealth presents the *FIRST-EVER REAL ESTATE COMIC BOOK*. Michael is an ordinary college kid from Enterprise City - until his father transfers his powers to him after being killed by a powerful villain named Capital Skull. Michael becomes The Upriser, Enterprise City's neighborhood superhero. But he's ashamed of his powers. Capital Skull and his team of villains force the city into poverty and financial ruin. In order to break the curse, and free his mother from bondage, Michael undergoes a journey to purchase a 100-unit apartment complex. Is Michael ready to embrace his true fate and learn how to use his powers for good? Or will the weight of the City being freed be too much for him to handle? Each villain The Upriser battles represents a challenge we would face purchasing and managing a large multifamily property. As each villain is defeated, The Upriser acquires a key. He needs all 5 keys to defeat Capital Skull, free his mother and the city, and get the girl of his dreams.

In this historic story, witness a Marvel and DC-style superhero comic that is not only engaging but also teaches us how to buy a large multifamily property - in detail.

You've never seen anything like this before.....
